

Seminar on Investment and Business Practices in Slovenia

Embassy of Japan in Slovenia

1. Event Overview

- **Date & Time:** Monday, March 30, 2026 | 9:00 – 11:00 (CET)
- **Format:** Online (Zoom) *Access link to be sent separately to registered participants.*
- **Language:** English
- **Admission:** Free (Prior registration required)

2. Objectives

Slovenia serves as a vital "Gateway to Europe," connecting the Port of Koper on the Adriatic Sea to Central/Eastern Europe and the Western Balkans. Its strategic geographical advantage combined with a highly skilled workforce and a stable political and economic environment, makes it an attractive destination for Japanese companies.

This seminar features experts from a leading local law firm to provide a comprehensive overview of essential business practices, including the latest investment trends, corporate establishment, M&A, labor law, and taxation. Our goal is to provide useful information for companies considering new entries into Slovenia and to offer practical solutions for those already operating in the country.

Key Topics:

- **Market Entry Support:** Investment promotion programs and incentives provided by local public institutions.
- **Corporate Establishment & M&A:** Basics of Commercial and Corporate Law in Slovenia and regulations regarding M&A execution.
- **Taxation & Intellectual Property:** Understanding the tax system in compliance with EU standards and strategies for protecting technology and brands.
- **Labor & Employment:** Labor regulations and practicalities concerning the recruitment and retention of high-level talent.

3. Speakers Profile

- **Speakers: Legal Experts from Rojs Peljhan Prelesnik & Partners (RPPP)**

As one of Slovenia's leading law firms specializing in corporate and commercial law, they represent a wide range of clients, from major financial institutions to government bodies and global enterprises. They also possess extensive experience supporting Japanese businesses and institutions.

During the seminar, six legal experts will share their professional insights into their specific fields of expertise, focusing on the key topics mentioned above.
